Recruitment and Hiring Policy

Nirvik Technologies Ltd. | Document NT-HR-004 | Effective 1 July 2026

1. Purpose and scope

This policy defines how Nirvik Technologies Ltd. writes job descriptions, screens candidates and makes hiring decisions. It applies to all permanent and contractual roles in every office.

2. Hiring process

- **Stage 1 - Application:** candidates apply through the posted job link with a CV in PDF or DOCX format.
- **Stage 2 - CV screening:** AI-assisted screening against the job requirements. Candidates who do not meet every mandatory requirement are not shortlisted. A recruiter or interviewer always reviews and approves the shortlist; the AI never makes the final decision.
- **Stage 3 - Technical interview:** a 60-minute live video interview with one or two engineers.
- **Stage 4 - Culture and values interview:** 30 minutes with the hiring manager.
- **Stage 5 - Offer:** a decision is communicated within 5 working days of the final interview.

3. Job description standards

Every job description (JD) must contain the following sections, in this order:

- About Nirvik (2-3 sentences, based on the Company Profile, NT-GEN-001)
- Role Summary
- Key Responsibilities (maximum 8 points)
- Mandatory Requirements (maximum 6 points)
- Preferred Qualifications
- What We Offer (must include the salary range from NT-HR-007)
- Work Model and Location
- How to Apply (including the application deadline)
- Equal Opportunity Statement (exact wording in Section 4)

Additional JD rules:

- Mandatory requirements and preferred qualifications must be clearly separated. Only items a candidate truly cannot do the job without may be listed as mandatory.
- Job titles and levels must follow the Role Standards and Competency Framework (NT-ENG-002).
- The salary must be shown as a monthly gross range in BDT. Phrases such as "negotiable" or "competitive" alone are not allowed.
- JDs must not mention age limits, gender, religion, marital status, or a photo requirement.
- The application deadline is **21 calendar days** after the posting date.
- Use plain, inclusive language. Avoid terms such as "rockstar", "ninja" or "young and energetic".

4. Equal opportunity statement

The following statement must appear at the end of every JD without changes:

"Nirvik Technologies Ltd. is an equal opportunity employer. We welcome applicants of every background and do not discriminate on the basis of gender, age, religion, ethnicity, disability or marital status. Reasonable accommodation is available throughout the hiring process on request."

5. Employment terms

- All new permanent employees serve a **probation period of 6 months**.
- Notice period: 1 month during probation, 2 months after confirmation (3 months for L4 Lead roles).
- Background and reference checks are completed before the joining date.

6. Candidate data

Candidate CVs, interview recordings and transcripts are used only for the hiring process. Unsuccessful candidates' data is kept for **12 months** and then deleted. Any candidate may ask for their data to be deleted earlier by emailing careers@nirvik.example, and the request must be completed within 7 working days.
